```
CS 6301.002.  Implementation of advanced data structures and algorithms
Spring 2016
Short Project 0SL (Skip List)
Wed, Mar 9, 2016

Ver 1.0: Initial description (Mar 23, 9:00 AM).

Due: 1:00 PM, Thu, Mar 31.
```

This project is optional. Code as many functions of the skip list as you can. If you submit code, write code for at least the following: add, remove, contains. Compare the performance of SkipList vs TreeSet on randomly generated operations (add, contains, remove).

Code base: SkipList.java
